Annex 1 to certificate no. 478/24

Definition of processing activities

Avantgarde's business model centers around offering a Software as a Service (SaaS) solution known as XPAI, which is specifically tailored for B2B (business-to-business) customers. This model involves a yearly subscription fee, enabling customers to access the XPAI service continuously throughout the subscription period.

Annex 2 to certificate no. 478/24

Excluded processing activities

The process from video capture to storage in the AWS database is considered. Everything else is not the subject of the assessment.
